RE: Level of Care Determinations by League of Human Dignity

As announced May 30, 2013, in Provider Bulletin 13-37, the Department of Health and Human Services (DHHS), Division of Medicaid & Long-Term Care has contracted with the League of Human Dignity (LHD) to perform level of care determinations for clients age 18-64 who are seeking Medicaid payment for nursing facility services.

The LHD will accept referrals starting July 1, 2013. This will be processed in much the same way that Senior Care Options referral and evaluation has been operated (and continues to be operated) by Area Agencies on Aging for persons age 65 and older.

Please refer to the map and contact information on the following page to FAX referrals to the appropriate location.

For questions regarding the information in this bulletin, please contact Pattie Flury at pattie.flury@nebraska.gov or (402) 471-9195.
